

On behalf of our 730 Unifor Sisters & Brothers, we would like to sincerely say thank you to you and your family for showing us unwavering support through our most difficult time. Whether it was financial donations, shows of support or joining us on the line (in -50°C weather); these gestures lifted our spirits and got us through some very solitary and trying times.

Please know that through your acts of kindness and solidarity, a lot of countless hours were made just a little easier. You have shown us what a true community is all about in the fight for the working class.

Although we will never be able to repay, Unifor 594 brothers and sisters recognize what you have done for us. We will always be there to show you support as you have done for us, during our greatest time of need.

**With Deep Appreciation,
Unifor Local 594**
